

BREEZY HILL WATER & SEWER CO., INC.
TRANSFER/TAP FORM

This agreement, between the BREEZY HILL WATER & SEWER CO., INC., a non-profit corporation, organized and incorporated in the State of South Carolina, hereinafter called Breezy Hill & _____ member of the service territory, hereinafter called the Member.

Mail Bill To:

Phone :

Email :

When do you want the service to start?

Are you the owner or the renter?

WITNESS whereas, the Member desires to purchase farmstead and domestic water from Breezy Hill, and to enter into a water users' agreement as required by the Bylaws and policies of Breezy Hill.

Now therefore, in consideration of the mutual covenants, promises and agreements herein contained, it is hereby understood and agreed:

Breezy Hill shall furnish, subject to the limitations hereinafter provided for, such quantity of water for domestic and farmstead purposes as the Member may desire in connection with his property located at

LOT # _____, ADDRESS:

The Member shall install and maintain at his own expense a service line which shall begin at the cut-off valve provided by Breezy Hill. Members are responsible for the Member's cut-off valve and regulator, from the meter to the house.

The Member's service line shall connect with the distribution system of Breezy Hill at the nearest place of desired use by the Member, provided Breezy Hill has determined in advance that Breezy Hill is of sufficient capacity to permit delivery of water at that point.

The Member shall pay for such water at rates, times and places as shall be determined by the Board of Directors.

The Member shall pay the minimum periodic charge commencing on the date that service is connected. If the Member "drops" the service for more than sixty days (does not pay the minimum charge), the service tap is forfeited and a new tap fee is due in order to reinstate service.

The Member shall not connect any additional dwelling or residence to be served through his meter without prior notification to Breezy Hill.

The Member agrees that he will make no physical connection between any private water system and Breezy Hill. Breezy Hill may at any reasonable time make inspections to enforce this provision. Violation of this provision shall be grounds for disconnection of the service without refund of any tap fees or deposits.

Breezy Hill will install an angle valve, meter, meter box, and Member cut-off at each service. Use of the angle valve, meter and meter box are for the exclusive use of Breezy Hill.

As Breezy Hill water pressures are greater than 200 psi in certain areas, Breezy Hill will install a pressure regulator if pressure is greater than 80 psi. **The regulator and Member cut-off valve are the property of the homeowner and Breezy Hill assumes no liability for the device's failure nor will Breezy Hill maintain the regulator and Member cut-off valve in the future. We recommend Members regularly check/maintain/replace the devices as necessary. The Member acknowledges this specific paragraph and agrees to these terms by initialing this paragraph**

The South Carolina Dept. of Environmental Service also now requires any residential in-ground lawn sprinkler system to comply with certain backflow prevention laws. Please visit www.bhws.org for a Test Form and a list of SCDHEC Certified Testers. **Should such a sprinkler system be installed, the Member acknowledges that he/she is aware that a double check valve assembly (dcva) must be installed. This device will be tested at installation and every three (3) years thereafter by a SCDES Certified Backflow Tester. No well or any other source of water can be attached to the sprinkler system. Breezy Hill must be notified prior to the device being placed into service for inspection. Violation of this provision will result in an immediate termination of service. The Member acknowledges this specific paragraph and agrees to these terms by initialing this paragraph**

Breezy Hill shall have final jurisdiction in any question of location of service line to its distribution system and shall determine the allocation of water to Members in the event of a shortage.

The failure of a Member to pay water charges duly imposed shall result in the automatic imposition of the following penalties:

- A. Non-payment within 21 days from the due date will be subject to a penalty of 10% of the delinquent amount.
- B. Non-payment within 30 days from the due date will result in the water being shut off from the Member's property.
- C. In the event it becomes necessary for Breezy Hill to shut off the water from a Member's property, a fee will be charged for the reconnection of the service.
- D. Non-payment for sixty days after original due date will allow Breezy Hill to remove the meter and cause forfeiture of initial tap fee. The Member will allow Breezy Hill to terminate his service and, in such event, the Member shall not be entitled to receive, not Breezy Hill obligated to supply, any water under this agreement. If reinstatement is requested after this date, a new tap fee will be paid.

IN WITNESS WHEREOF, we have hereunto executed this agreement this day of 2025

Attest:

MEMBER

WITNESS

FOR BREEZY HILL WATER & SEWER

Dear Member:

Welcome to Breezy Hill Water & Sewer Co., Inc. It is the goal of your water/sewer utility to provide safe and reliable service at the most economical rates that are possible. Bank draft is available; we also accept debit/credit cards.

For your information, Breezy Hill is open 8:30 AM to 5:00 PM Monday – Friday, except holidays. The number for emergencies after hours is: 803-645-0272.

Please be aware that Breezy Hill is on an ascending rate structure; every Member is given the lowest rate possible for the average Member water bill. After average water needs are met (the average is 10,000 gallons per month), the rates begin to **increase**. For the average water Member using 10,000 gallons, the bill would be \$40.75 (excluding sewer). However, be aware that the rate escalates at both 10,001 gallons and greater than 20,001 gallons. For example, a Member using:

| <u>Gallons</u> | <u>Cost</u> |
|----------------|-------------|
| 10,000 | \$40.75 |
| 30,000 | \$133.25 |
| 50,000 | \$238.25 |
| 100,000 | \$500.75 |

Why the increase in rates? Breezy Hill Water is drawing what is estimated to be 85% of the maximum amount of groundwater that can be pulled from the underground aquifer. The rest of water being used is being purchased from other cities that withdraw from the Savannah River. Water has become a limited and very precious commodity in the southeast and at Breezy Hill because of the unprecedented growth rate throughout the area. The “water wars” of the west are rapidly approaching the southeast. Without this vital natural resource, life is not possible.

We would advise you to immediately check your sprinkler system to determine its output. We have seen many sprinkler systems set by the nurseries and contractors to water three (3) times per day seven (7) days a week. We can almost guarantee a resulting bill of \$400.00 or more. We do not want you to experience this unless you choose to water at that rate.

Again, welcome as a valuable Member of Breezy Hill Water & Sewer Co., Inc.

Initials: Received with rate sheet _____

NEW MEMBER INFORMATION SHEET

Please visit our website www.bhws.org for Notifications, General Information and subscribe to Alerts.

Bill Information:

- Your bill is a postcard bill—they do not come in an envelope. A sample bill is posted in the Member Service Window for viewing.
- The bills go out between 6th & 10th of the month and they are due by the 1st of every month.
- If your bill is not paid by the 2nd of the month:
 - 10% penalty will be applied, if **not paid by the 10th a \$30 non- payment fee will apply.**
 - If not paid by the “to avoid service charge and lock out date” which is located in the middle of the bill on the right-hand side, we will lock the meter.
 - Past Due amount and a fee of \$25 (between 8:30AM-5PM) has to be paid before the meter is unlocked. The fee increases to \$50 outside of the posted working hours.
 - A \$100 tampering fee will be added to your bill if you tamper with the water meter. It is also a Federal Offense to tamper with the water meter.

Ways you can pay your bill:

- Bring into the office-cash, check, debit or credit cards, there is no fee if paid in office.
- Drop your payment into the drop box on the other side of the drive thru window.
- Mail your payment.
- Pay online at www.secureutilities.com - call the office for your pin # in order to setup your account online. If using PayPal to pay your bill, please allow 3-5 days to be applied to your account in order to avoid other fees.
- You can call 803-663-6455 to pay your bill over the phone with your debit/credit card. The Payment Group will charge you 5 % of the bill to take your payment over the phone.
- You can pay directly through your bank bill pay system. If the payment comes in late, we do not take off penalties.
- We have bank draft available; drafts occur on the 25th of the month at no charge to you.

Miscellaneous Information:

- We install a pressure regulator as a Member courtesy; however, it is your responsibility to replace the pressure regulator should any problems occur.
- You may want to set the sprinkler timer to your specific needs.
- **If you have a sprinkler system, the backflow has to be tested every 3 years.**
 - If this is a new home, a double check valve assembly was installed. It is the Builder’s responsibility to have the backflow tested the first time; afterwards, it is the Member’s responsibility. Taps will not be transferred to the Home Purchaser without a completed backflow report for the sprinkler system.
 - We will send a letter to you when it is time for the backflow to be tested. If you do not respond within 30 days from the date on the letter, you will be charged \$50.00 and a certified letter will be mailed to you. You can incur charges of \$5.00 per day until results are turned into the office and/or we hire someone to test the backflow. The cost to have the backflow tested will be added to your bill.

Thank you,
Breezy Hill Water & Sewer Company, Inc.

For your information, many new Members ask about garbage services. Three local providers are:

Note: no recommendations are made for these providers

Norris-Curry Sanitation 803-594-9378 Waste Management 803-648-6714 Dumpster Depot 803-644-6004

Failure to receive bill does not excuse non-payment! WE ARE NOT RESPONSIBLE FOR THE MAIL.
